West Penn Wire

Distribution Services

With over 60 years of experience sourcing and distributing wire, cable, and electro-mechanical datacom and security components, you can trust Simcona with your hard-to-manage materials.

Our experts help customers stay ahead of the ever-changing supply chain landscape and have a reliable track record of on-time delivery to ensure production lines maintain continuous operation.

Control Panel Manufacturing Services

Simcona operations, engineering, and production teams work with your team to build to any specifications. Our assembly expertise includes:

- Built-to-print or custom builds
- Power applications
- Motor applications
- Automation applications
- Interface applications
- Design & Engineering
- Manufacture, Cost, and Service Design
- Design & Manufacturing of PLCs
- Design & Manufacturing of SCADA Systems
- Application Specific Embedded Control Systems
- Conceptual design
- Hardware and component specification
- Testing, installation, and start-up
- Prototyping & Testing
- Multiconductor Cable
